

# Brandt Foli-Boost

Liquid Plant Food Foliar Nutritional

BRANDT FOLI-BOOST is a liquid plant food nutritional foliar application containing the primary elements and micro-nutrients. It is recommended for use as a supplement to a conventional fertility program which potentially will enhance yield and/or quality. BRANDT FOLI-BOOST supplements soil fertilization by providing essential nutrients when plant food needs are highest at flowering and/or fruiting stages or in stress conditions. BRANDT FOLI-BOOST is specially formulated for cotton, peanuts, soybeans and vegetables, and can be used on most other crops.

## RECOMMENDED RATES

**Cotton:** Apply 1 qt. per acre early season. Increase to 2-4 qts. per acre for mid-season or by first bloom and repeat at 10-14 day intervals.

**Peanuts:** Apply 1 qt. per acre early season. Increase up to 2 qts. per acre by first bloom and continue at 10-14 day intervals.

**Soybeans:** Apply 2-4 qts. per acre with each application starting no later than first bloom. Continue as needed through pod development.

**Vegetables:** Apply 1-4 qts. per acre depending on the size of plants. First application should be made prior to flowering and/or fruiting. Continue throughout season at 7-10 day intervals.

**Other Crops:** Apply 1-4 qts. per acre starting no later than first bloom or fruiting stage and continue every 10-14 days along with regular spray.

## Guaranteed Analysis

Total Nitrogen (N)*	12.00%
1.20% Ammoniacal Nitrogen	
1.78% Nitrate Nitrogen	
9.02% Urea Nitrogen	
Available Phosphate (P <sub>2</sub> O <sub>5</sub> )	4.00%
Soluble Potash (K <sub>2</sub> O)	6.00%
Zinc (Zn)	0.05%
Manganese (Mn)	0.05%
0.05% Water Soluble Manganese	
Iron (Fe)	0.10%
Copper (Cu)	0.10%
Boron (B)	0.02%

Derived from: Ammonium Nitrate, Urea, Potassium Nitrate, Potassium Polyphosphate, Sodium Borate, Zinc, Manganese, Iron and Copper EDTA chelates. F76

## Directions for Use

BRANDT FOLI-BOOST will disperse in water with little agitation. It can be used with most pesticides. Always check compatibility before mixing. Follow the mixing sequence: 1. Water; 2. BRANDT FOLI-BOOST; 3. Pesticide. Minimum GPA 10 ground, 5 air. For best results, apply early morning or late afternoon when leaf pores are open. Spray as a fine mist.

**Weight per gallon: 10.1 lbs**

**CAUTION: KEEP OUT OF REACH OF CHILDREN**  
**WARNING: DO NOT TAKE INTERNALLY**

Harmful if swallowed. Avoid contact with skin. Avoid breathing spray mist. Wash hands after using. Causes eye irritation. Avoid contact with eyes. In case of contact, flush eyes with water for at least 15 minutes and get medical attention. No specific antidote. Dilute by giving water or milk immediately and allowing vomiting to occur.

**Warranty:** Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use; but neither this warranty nor any other warranty of merchantability or fitness of a particular product expressed or implied, extends to the use of this product contrary to label conditions, or under conditions not reasonably foreseeable to the seller; and buyer assumes the risk of any such use.

Dispose of container in accordance with local, state and federal regulations.
